

Proposed –(ISD SubCommittee)LMC- Agenda (12/16/05)

- 1.) One Department Training Policy (process, forms, Single employee history)
- 2.) Classification based training with Employee input of technical path
- 3.) Release time for classification relevant training with travel allowances (when needed) for specialized tech courses.
- 4.) ISD coordination and input with ED&T in the training of the Department employees with a dedicated properly established technology training lab where CBT courses and webinars can be taken and employees can be attend classes/presentastions or utilized self learning courses away from their respective work environments.
- 5.) Stipulations in outsourced contracts with an item in the RFP that either the vendor provided training, or a voucher for training be supplied at a later time to department employees, so as to insure and facilitate knowledge transference of the contracted services.
